

Program Description

The MLI program is a two-year, full-time program consisting of 60 credit hours of required coursework. The program is designed to provide students with the knowledge and skills necessary to enter the workforce as a professional librarian. The program includes coursework in library studies, information science, and management. Students are also required to complete a practicum or internship. The program is accredited by the American Library Association (ALA).

Mission

The mission of the School of Library and Information Science is to provide students with the knowledge and skills necessary to enter the workforce as a professional librarian. The school is committed to providing a high-quality education that prepares students for the challenges of the 21st century.

Vision

The School of Library and Information Science envisions a future where information is accessible to all and where the library is a central part of the community. The school is committed to providing a high-quality education that prepares students for the challenges of the 21st century.

Values

The School of Library and Information Science values the following: academic excellence, integrity, respect, and service. The school is committed to providing a high-quality education that prepares students for the challenges of the 21st century.

Definition of social justice

Intellectual freedom: We believe in the right of every individual to seek and receive information without restriction.

ANALYSIS  
INDICATING

1 / 18 or 8.4% met or exceeded the requirement. On student withdrawal and on student fall below the requirements.
